Re: **Modification of Water Ban**

The previous water (emergency) ban declared for the entire West Milford Municipal Utilities Authority Water System Customers has been modified to allow for non-essential use of water with the regards to the following suggestions.

The following Stage I restrictions apply and should be followed until further notice:

IN HOME WATER USE

- Limit water use for essential items such as clothes/dish washing, showering and bathing as much as possible.

OUTSIDE WATER USE

- **Odd-numbered addresses can use water on any odd numbered day of the month.**
- **Even-numbered and unnumbered addresses are allowed to use water on any even numbered day of the month.**
- Watering or irrigation of shrubbery, trees, lawns, grass, gardens or any other vegetation, should be limited to only prevent permanent plant damage.
- Washing Mobile Equipment – no washing of automobiles, trucks, boats, trailers or any other type of mobile equipment – prohibited.
- Washing of pavement or driveways is prohibited.
- Cleaning Buildings – no washing of the outside of dwellings – prohibited.
- Swimming Pools/Wading Pools may be topped off (not filled) using utmost discretion and only what is necessary to keep minimum capacity.

We are seeking your cooperation with this measure in order to keep our systems at their maximum capacity, however, be advised that failure to comply with these suggestions may still result in a fine of up to \$1,000.00 and/or imprisonment for a period not exceeding 90 days.
