A Fundraising Event to
Support Student Scholarships

On Thursday, **October 6th, 2022**, the Passaic County Community College (PCCC) Foundation will host its *Celebration of Giving: A Fundraising Event for Student Scholarships*. This event marks the Foundation's first in-person event in nearly three years and will take place at PCCC's Wanaque Academic Center.

At this event, the Foundation will honor two local champions for student success, including **Ms. Jane E. Allerman-Rey**, President and Chief Operating Officer of Spencer Savings Bank, and **Mr. Anthony J. De Nova III**, the long-time Passaic County Administrator, who is retiring at the end of 2022. The Foundation will further recognize our many donors who, during tumultuous times, have remained steadfast in their commitment to PCCC students.

All proceeds from this event will directly benefit PCCC students, many of whom are still reeling from the pandemic and unable to afford the cost of higher education. Your participation in this event will keep students on track towards earning valuable postsecondary credentials.

I hope that you will join me in paying tribute to our special guests and in raising funds for student scholarships by ***servicing as an event sponsor, placing an advertisement in our commemorative journal, or purchasing tickets to the event.***

Please visit the following link to access the invitation.
