Please post this on your website and calendars.

Thank you,

Lynn Mandon

Secretary

West Milford Lakes Committee

RECEIVED

OCT 07 2015

TOWNSHIP CLERK
TWP. OF WEST MILFORD

West Milford Lakes - Creating and Sustaining Healthy Fisheries

How can we improve the health of our lakes and the quality and balance of our fish population through a natural holistic multidisciplinary approach?

Presented by Brian Cowden of Urbani Fisheries-Brian has worked to remove obsolete dams, restore degraded river channels, oversee riparian planting projects, and work on critical lands protection to benefit wild trout habitat while working closely with private and public landowners and non-profit organizations, local, state and federal agencies.

Please join us for a free educational program on Monday October 19, 2015 at *The Township of West Milford Town Hall, 1480 Union Valley Road, West Milford at 7PM. This program is co-sponsored by the West Milford Lakes Committee and Sustainable West Milford
