Re: Passaic County Brownfields Commission

Dear Ms. Hoffman:

I'd like to thank you for attending the West Milford Township Planning Board meeting of May 5, 2005 and for bringing with you Mr. Campanile and Mr. Kehayes. Your presentation on Brownfields to the Planning Board was very well done and very informative. As you know, the Township has been interested in the Brownfields program and attended your monthly meetings. We sincerely appreciate your time and effort in attending our meeting last week.

The Township Planning Board and Planning Department look forward to working with your office as we pursue this important economic development endeavor. Again, we appreciate your efforts in coordinating this significant program.

Very truly yours,

Michael Tfank
Chairman
West Milford Planning Board
